3 Ways to save on Computer Services with ISWorx

1 Save Time and Money with Computer Managed Service Plans

Plans start at **\$34.74 per month** per computer and you can customize your plan based on your business needs to add network, servers, and printers. All plans include proactive maintenance, online backup, and malware protection. We also manage all your technology and business application vendors such as ISP, web services, phone, and more.

BRONZE	
FOR MICRO BUSINESS OR SOLO PROFESSIONAL	
\$	34.⁷⁴ /MO
Billed annually or \$36.56 month-to-month	
Proactive Maintenance	
2 Hrs Help Desk Support per COS	
5 GB Cloud Backup Storage per COS	
Malware Protection	
Up to 4 PCs in plan	
Easily Add networks, servers and printers as needed	

2 Save 10% on for Computer Consulting

With our **preferential rates** for customers with Managed Services Plans, you can save on consulting fees for software and hardware implementation, network installations, computer repairs, technology assessments and recommendations, and governance and risk management.

3 Save up to 33% on toners and ink

With our premium quality toners and ink cartridges, you can **save up to 33%** than original manufactures or retailers like Staples or other office supply stores. Our fast delivery service will get your toners and ink within 3 days or less.
